

# Data Science Workshop Session 6

Ikenna Ivenso

18 July 2020

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

# Objectives

1. Working with Stakeholders

A decorative graphic consisting of two overlapping parallelograms, one red and one orange, with a white diagonal line separating them.

# Working with Stakeholders

## Who:

Stakeholders include all of the people/teams/organizations that may implement the insights and recommendations provided by the Data Scientist(s)

*[“An average Data Scientist builds plots and models. A great Data Scientist helps make good decisions”](#)*

## Workflow:

1. Articulate the problem \*\*\*\*\*
2. Identify the data \*\*\*\*
3. Explore the data \*\*
4. Train the ML model\*
5. Communicate the results \*\*\*\*\*

Number of \* indicates the degree of interaction with stakeholders for each step of the workflow

On the left side of the slide, there are several overlapping geometric shapes in orange, red, and grey, creating a modern, abstract design.

THANK YOU!  
Any Questions
